Probably the Last Session of Racing at Noted Course-Attractive Stakes Scheduled for This Week-Cassidy, in Spite of Poor Work, to Be Starter.

The fall meeting of the Westchester Racing Association opens at Morris Park this after noon and will last two weeks, during which riod there will be some high class racing, sedging from the intentions of all of the richest owners. Morris Park is probably the most popular track under the jurisdiction of the Jeaker Club. It is more accessible than the other racecourses, in that patrons avoid the tiresome ferry and Bridge service which form a part of the transportation facilities to Long island tracks. Furthermore, with its bread lawns, wide sweeping stretches and unequalled vantage points for seeing the races. Morris Park has always appealed to the public to such an extent that the Westchester Hacing Association has been on velvet since it assumed control of the magnifi-

cent plant.
Yet when this meeting is at an end there will be no more racing at Westchester, according to unofficial authorities, as the usual allotment of dates will go to Belmont Park, new rapidly approaching completion. In order to avoid a possible conflict with the Messrs. Morris, the owners of the Westchester track, it is now said that the Jockey Club. with the backing of all the racing associations in the State, will lease Morris Park again, with the idea of using it as a training ground exclusively, at the same time figuring that some day with one or two of the other tracks disposed of for building purposes, there may be still a chance to resume the sport north of the Harlem River. The story that a bill would be introduced in the State Legislature to extend the racing season thirty days to ac mmodate Morris Park has served to stir up the turf solons, who, it is stated, are opand to such a measure, insamuch as it would virtually kill the spring and fall meetings of the Washington Jockey Club. That is why Morris Park will probably be leased again, even though it is allowed to fall into

permanent disuse.

The stake events to be decided at Westchester this week are of a high order of ex-cellence. The Matron Stakes, run in two parts, and the Jerome Handicap will be de-cided this afternoon. The first part of the Matron, for two-year-old colts and geldings, will be run as the second race, down the Eclipse course. H. B. Duryea will be represented by Chieftain, a Meddler gelding, who will carry 199 pounds. S. S. Brown's Agile and L. V. Bell's Glorifler will take up top weight, 125 pounds, with Sydney Paget's Woodsaw, 120, and F. R. Hitchcock's Dandelion, 114, both formidable. The second part of the Matron, for fillies, will bring together Belle Strome, who will run for first time in the Paget colors, and John San-ford's Burnt Hills, with Sandria, Rose of Dawn and lots named to carry the Duryes

The Jerome Handicap, which is for three-year-olds at a mile and five-sixteenths over the hill, should prove of particular interest and Ostrich are among the entries. Aside from these attractions, the other events are well filled. The first race, at seven furlongs, Withers course, has such starters as Liberts, Out of Reach, Consideration, Buckleys and Aurumaster. The fifth event is for two-year-olds, at six and a half furlongs around the turn, in which Santa Catalina will probably be played to beat Tra pper, Bulwark, Delphie and others, while in the sixth race, at a mile, Orly II., Thistle Heather, Sais and innatus seem to be the best.

To-morrow the star events will be the rinthian Steepleonase and the Fairview Stakes for three-year-olds at a mile and a sixteenth over the hill. For the latter event Dick Bernard, The Southerner, Palmbearer, Ed Tierney, Bobadil and Grenade may go to the barrier. On Wednesday the Hurri-cana Stakes for two-year-olds, five furlongs. Eclipse course, may attract such good young-sters as Princess Rupert, Dreamer, Druid, Ascot Belle, Blucher, Coy Maid, King Cole and others. Another feature on Wednes-day is the Bronx Highweight Handicap, at six furlongs, Withers course, for which Bel-dame is eligible but will not go. The others that may start are Broomstick, Lady Uncas,

Hamburg Belle, Collector Jessup and Graceful.
The Hunter Handicap, for three-year-old fillies, at a mile, will be run on Thursday. Beidame can also start in this race, together with Hamburg Belle, Outcome, Ancestor, Mineola and Graceful. For the Manhattan Handlesp for two-year-olds and upward, Eclipse course, to be decided on Friday, the best of the eligibles are Hamburg Belle, St. Bellane, Collector Jessup, Toboggan, Hurst Park, Mineola, Ascot Belle and Glorifler. The Dixiana, for three-year-olds, one mile, also on for Friday, may see Stalwart, Ormonde's Right, Hamburg Belle, Spring, Mercury, Wotan, Auditor and Grenade at the post.
Saturday's attractions are undoubtedly

the best of the week. All of the best jumpers are eligible for the October Steeplechase. Olseau, Artful and Tradition are probable starters in the Nursery Handicap, for twoyear-olds, Eclipse course. It is believed that in the coming allotment of weights they will be rated pretty close together. Glorifler, Agile, Dandelion, Veto, Hot Shot, Burnt Hills, Belle Strome, Flyback and St. Bellane are also eligible. For the Municipal Handl-cap, at a mile and three-quarters, over the hill. Stalwart, McChesney, Caughnawaga, Gunare, Shorthose, Major Dainserfield and

Lord of the Vale may sport silk.

Mars Cassidy will continue his duties at th barrier during the coming meeting. It can not be denied that some of his work at Gravesand was below the usual standard and called forth severe criticism from the public. C. J. Fitzgerald will be on deck from day to day. but why he has not been officiating steadily is a mystery to racegoers. Fitzgerald gave complete satisfaction at Sheepshead Bay. Turfmen at the time said they had never seen better starting. There was absolutely no faultfinding from the public and a feeling of confidence was prevalent everywhere.

That there has been a deal of unnecessary tinkering with the starting methods this year is an accepted fact. Last season Fitzgerald did all of the work at the post and the growls on the part of patrons were few and far be-tween. Then came the appointment of Cassidy and the inauguration of the unpopular "walk up" system, which raised such a storm of protest that the Jockey Club stewards soon abolished it. At no time this year, taking his work as a whole, has Cassidy compared with Fitzgerald, yet the public must be deprived of the latter's satisfactory starting

Some of the biggest operators on the local tracks have stopped betting for the rest of the year. They say that form is all out of smooth running gear, for the reason that the horses are tred from the long, arduous campaign and are poor betting propositions. Within the last six weeks there has been a notable falling off in the play of the plungers. The books have had plenty of "public money" to handle, and many of them are well ahead of the game but the tendency to keep prices down to rock bottom still exists, together with a general desire to fight shy of "wise money

The most notable incident lately has been the competition between Tyler, the 'Hum-ming Bird," and the "Mets." So far Tyler caused no end of trouble for the big books by laying top prices and catering to all sorts of players. He has made more than \$40,000 since the opening of the Gravesend meeting and will proceed on similar lines at Westchester. Tyler's idea is to break up the "combination prices" in the ring and give the

rleans this winter will close on Nov. 12. The various events are the \$5,000 Crescent City Derby, the Inaugural Handicap, Magnolia Selling Stakes, New St. Charles Hotel, Preliminary Derby, Crescent City Handicap, Jackson Handicap, Gentilly Handicap, Live Oak Handicap, Audubon Seiling Stakes, Merchants' Handicap, Bush Handicap, New

Handicap. The added money amounts to

\$23,000. Redfern carried off the saddle honors at Gravesend with ten firsts. He is riding better just now than at any previous time this season. Hildebrand, W. Davis and Crimmins are also in excellent form. The entries for to-day's races are as follows: First Race-Last seven furlongs of Withers mile:

King B
Out of Reach
Rawhide110 Consideration100
Neptunus 108 Tide
John P. Abearn 108 Little Johnson 106
Buckleya 108 Princess Athelmy 106
Buckleya 108 Princess Athelmy105 Liberta108 Aurumaster105
Second Race-The Sixth Matron; \$10,000 added;
Polines course:
Glorifier
Agile 125 Cederstrome
Wild Mint
Woodsaw121 Chieftain106
Third Race-For filles, produce of mares nomi-
nated for Sixth Matron: Eclipse course:

Thistle Heather 103 Orly 11 90

MRS. MANICE TO CAPTAIN TEAM. But She Will Not Enter for the Women's Golf Champtonship.

Two matches are scheduled in the Women's Metropolitan Golf Association team series to-day, Brooklawn at Apawamis and Richmond County at Essex County. The entries for the women's national championship close to-night, and the players will be paired for on in Secretary Morgan's office at noon on Wednesday. To Saturday there were thirty entries booked, so that last year's total of 65 should be equalled at least. To that time the entry of Mrs. B. S. Horne, the titleholder, had not been received, and it is known post-

Another strong player who has determined not to undertake the worries of championship week is Mrs. E. A. Manice, the titleholder for two years in the women's M. G. A. and until supplanted last spring by Mrs. Myra D. Paterson. Mrs. Manice, however, has consented to act as captain of the New York team in at Wissahickon on next Friday and Saturday. for although she may not play if a substitute can be obtained, she has selected a very good team. It will be the fifth annual match for the trophy, and as both New York and Boston have two victories safe, it may be the last time that the present cup is in play.

As now arranged, the New York and Phil-

adelphia women will play on Friday and the winners meet the Boston team on Saturday. Manice will select her team from the fol-

Mrs. M. D. Paterson, Englewood; Mrs. T. H. Polhmeus, Naasau; Miss E. Hurry, Apawamis; Miss Weimore, Beltusrol; Mrs. W. Fellowes Morgan, Baltusrol; the two Miss Bishops, Brooklawn; Miss Badgeley, Essex County; Miss Vanderhoff, Ardsley; Mrs. E. F. Sanfort, Bissex County; Mrs. William Shippen, Morris County; Mrs. G. Leferts, Englewood; Miss Willis, Morris County; Mrs. C. L. 11f-tany, Apawamis; Mrs. Terry, Ardsley; Mrs. A. J. Morgan, Apawamis.

Vice-Chancellor Federick W. Stevens, of New Jersey, in a match with the Rev. William M. Hughes last Friday at the Morris County Golf Club, holed out from the drive on the 165 yard seventeenth hole. Judge Stevens is receiving the congratulations of nis fellow members on the achievement. It is the only time in the club's ten years of existence that this record has been made, although probably 1,000 players have driven from the tee each season.

The Elizabeth Town and Country Club team, on the home course, took the Roseville players into camp last Saturday, by 12½ to 4½. The score:

Elizabeth—Joe Turner, 3; N. Turner, 1½; Waterbury, 3; Milligan, 0; Darrach, 0; Thompson, 5; Seymour, 0. Total, 12½.

Roseville—Wood, 0; Bowley, 0; Dodd, 0; Thurston, 0; Fish, 4½; Chedister, 0; Carter, 0. Total, 4½.

In last Saturday's handleap at the Marine and Field Club the cards read: F. E. Lacey, 100, 21-79; J. B. Harris, 104, 20-84; G. P. Fiske, 111, 22-88; B. A. Bullock, 113, 23-90; R. S. Monsen, 118, 27-91; Robert Maclair, 117, 28-92.

Twenty-eight started in the third competition for the governor's cup at the Highland Golf Club last Saturday. E. R. Van Tassel and Louis Harrison tied for first and second places. C. Joost, Jr. and W. H. Seebert dividing third honors. The summary: E. R. Van Tassel, 106, 14-92; L. Harrison, 114, 22-92; C. Joost, Jr., 106, 12-94; W. H. Schert, 112, 18-94; P. K. A eynen, 118, 18-95; W. J. Baldwin, 113, 18-95; F. L. Mills, 105, 8-97; E. C. Chickerin, 105, 8-97; J. H. Dunning, 108, 10-98; A. E. Hartcorn, 112, 14-98; E. T. Eiey, 110, 12-98; N. Harrison, 116, 18-96; E. R. Skimore, 117, 18-99; F. Schelling, 117, 18-96; W. B. Donnell, 111, 12-99.

MOUNT VERNON, Oct. 2.—The first of a series of matches between teams of the New York Holf Club and the Siwanov Country Club of Mount Vernon was played to-day on the Mount Vernon links in the presence of a large number of society people. After an exciting and close contest the Siwanov golfers won by a score of 6 to 5. The next match will be played on next Saturday on the Van Cortlandt Park links.

WORLD'S SHOT-PUTTING RECORD. D. Horgan Sends the 16 Pounds 48 Feet 10 Inches.

The latest sporting exchanges from the Old World contain the account of a new world's record for putting the 16 pound shot. The distance achieved was 48 feet 10 inches, and by Denis Horgan of Banteer, County Cork, Ireland, at the Mallow sports, a little more than a week ago, The performance occurred in a regular competition and within the stipulated number of six trials, and every occurred in a regular competition and within the stipulated number of six trials, and every precaution was taken to insure the validity of the record. After the contest was over, the shot, which was the regulation iron sphere, was taken away and weighed by D. Power of Ballywalter, formerly official handicapper of the Gaelio A. A. and who came to America with the Gaelic Invasion team of 1888. It was found to weigh fully sixteen pounds. Then the ground was tested by C. Sheedy, a civil engineer, and found to be perfectly level. The put was measured with a steel tape. All three facts with affidavits from the judges and measurers have been lodged with the Irish records committee, and there is seemingly nothing to prevent the acceptance of the new mark.

Horgan has had a remarkable career as a shot putter. He began to propel the weight about twenty years ago, but did not figure in the front of putters until 1890. Since then he has captured English and Irish championships galore, and came to America in 1890, when he won the American title with a put of 46 feet 1½ inches. During his stay here his best effort was 47 feet 7 inches, but this was never accepted as the record, for it was found that the shot was several ounces short of sixteen pounds. In 1897 Horgan moved the world's record up to 48 feet 2 inches, where it stood until shattered by Ralph Rose several times this season. Rose's best short of sixteen pounds. In 1897 Horgan moved the world's record up to 48 feet 2 inches, where it stood until shattered by Ralph Rose several times this season. Rose's best effort was 48 feet 7 inches at the Olympic games, St. Louis, about a month ago. When Horgan heard of Rose's great feat and that he was deprived of the record the giant Corkonian was chagrined and vowed he would never stop until he owned the world's best figures again. Even he is not satisfied with the record where it is at present, and has said that he will move the mark up to 50 feet before many moons.

SAN FRANCISCO, Oct. 2.-Fight gossip has been very lively here since the Gans-Walcott contest. The referee's decision did not please many of Gans's supporters, who contend many of Gans's supporters, who contend that Gans deserved the decision on points. Jack Welch, the referee, was sore over criticism and having heard that Billy Roche of New York had condemned his decision, he punched Roche in the eye last night as they met in the street. Roche grappled with him, but Welch threw him to the pavement and was about to hammer the head off of the ex-Bowery boy when friends interfered and separated the pair. Walcott's left arm is in such shape, the licaments of the elbow being forn, that he will not be able to use it for two or three months.

St. Louis, Oct. 2.-In the preliminary round

THE FOOTBALL WORLD

RECENT DEVELOPMENTS POINT TO HIGH GRADE OF PLAY.

No Star Kickers in Sight, However-How Harvard, Yale and Princeton Are Progressing-Walter Camp Speaks Well of Columbia-Quakers and West Point.

The developments in football since the practice began point to a season with a higher grade of play than was the outlook two weeks ago. This is true because of material that has put in an appearance since the first days of practice. The probability of the bigger teams being better matched than usually still holds good. There will be some heroic struggles when the time comes for the giants of the checkerboard to clash. But there is one department in which the present season seems lacking. Absolutely nobody has come to the front who gives promise of bringing the kicking department up to the De Witt and Mitchell standard—a very high standard indeed. Le Moyne of Harvard, a promising punter last year, but spoiled by too many cooks, has not been out this year, and Bow-man of Yale is on the injured list. Hoyt of Yale kicks well, but has yet to show 'varsity worth as a back in other respects, and Reynolds of Pennsylvania is one of the best of this year's kickers, as is Torney of Wes

Harvard has begun her season well, and it is next to a certainty that the Crimson will have no such in-and-out season as last year. The coaching staff is doing things on a more thorough basis. They are fond of tandems at Cambridge, and this year the diagonal tandem is a form of attack being developed. All the tandems are pretty much the same thing. In 1903 it was the "Empire State Express," which Yale wrecked in a hurry, and last year it was the "four-in-hand." Harvard and Yale used tandems against each other as far back as 1893 at Springfield The success of the tandem depends on the men in it-and the men opposing it.

Noticeable at Harvard is the group of heavy men trying for the centre of the line. Four of them, Parker, Wilder, Cunniff and White, aggregate 899 pounds, and the tallest of the weighty quartet is under 6 feet. For the pivotal place Cunniff is the most likely man just now. He recalls the massive King in activity and aggressiveness. There also is a formidable group trying for tackles—Derby, Squires, Meier, Brill and Oveson. It is a flerce array of talent physically, but whether this line of beef can get the quick, hard charge -say of the '98 team-remains to be seen Less is heard of the ability of the Harvard ends; there are no Campbells, Hallowells, Bowditches or Cochranes in sight. The back field is fast, with the quarter back position

What might be called the most modern of tactics in offensive football is the shift, which play has been used more or less by the Indians for a number of years. The Redskins sprang it on Columbia several years ago, and Pop Warner of Cornell, then coaching the Indians, devised it. Yale is working on a variation of this play this season Trust the Elis for being up to date. The stereotyped formations, but is likely to be confusing to the other side-and to the side trying it unless smooth in its workings.

Things are looking up some at Yale. chief source of worry is to get a scrub team strong enough to key up the 'varsity, and there is more truth than "wolf" in this cry from New Haven. There has been no big influx of prep school material at Yale since 1902. Still, the situation has improved since the practice began. Cotton, a big Nebraskan, not eligible for the 'varsitythis year; Mackay, the 200 pound pitcher, and with football experience, and Hockenberger, a lively freshman, have come out to bolster up the scrub, or college team. Then there are Kineon, Smith, Erwin, George and others to help the scrub and hope for the 'varsity.

No team that can number Shevlin, Rockwell, Hogan, Bloomer, Kinney, Owsley, Tripp and Roraback in its ranks can be set down as other than formidable. The two games played have not tested the defence, save to show once or twice that more aiert-ness is needed. The play has been loose, out there is time to weld the power together

than there ought to be with veterans. The back field is pronounced fast by those who have played against the Bine. Some ex-perts do not believe Shevlin will be kept at back field is pronounced tast by more who have played against the Biue. Some experts do not believe Shevlin will be kept at full back. His weight and ability might come in handy at stopping plays directed at tackle and end.

Bill Edwards, the Princeton coach, was asked the other day if the Tigers would be as strong this year as last. "That is expecting a good deal," he replied. "It is hard to fill the places of such men as DeWitt, Henry and Davis. Still, the material is good and the team ought to be strong." Of the Dicknason game, Edwards says: "One can scarcely recall a game which seemed looser and when less football knowledge has been shown. The only redeeming feature was the pushing and pulling by Princeton men. They seemed to help the runner along better than any Princeton team has in past seasons. McCornick kicked well, and while the punts were not long they were about the right distance for his ends to cover."

Pushing and pulling mean a good deal—many an additional foot of gain. The Tigers have had the benefit of two fairly hard games aiready. The next few games will be against lighter and easier teams. Whether this is a wise arrangement of the schedule may be doubted. The Princeton schedule last year was an ideal one for gradual development and for bringing out the best qualities of the eleven. The situation at Princeton resembles that at New Haven in one respect. Both teams have a good string of ouarter backs—Burke, Ritter and Heim at Princeton: Rockwell, Owsley and Hutchinson at Yale.

Walter Camp writes as follows of Columbia

But there is more fumbling and looseness

baoks—Burke, Ritter and Heim at Princeton; Rockwell, Owsley and Hutchinson at Vaile.

Walter Camp writes as follows of Columbia in the Philadelphia Press;

To go into details regarding the work at the various universities it is manifest that Columbia has gone the farinest into the hard work of any of the teams, and, profiting by the weaknesses displayed in the first line-up against an outside eleven, has settled down to practical business with an energy that should make some of the teams who are to meet them in October decidedly reflective. Metrenthin, both in games and practice has shown up as the bright particular star, and this young man will prove a good deal of a puzzle to Columbia's opponents this season. He has experience, speed and a good nead, and is likely to be invaluable. Through the assistance of Weeker and two or three old players across the season.

Praise from Sir Hubert! One fault shown

heriey is whipping a team into line that will take a good deal of beating.

Praise from Sir Hubert! One fault shown by Columbia last Saturday was a lack of unison between the line men and the backs. The men behind the line started quickly, but apparently did not go as far as they might have. An exception was Thorp, who never stopped going, and who is as promising a tackle as there is on the field this season. But the want of harmony was only occasional. Consistency cannot be expected in every play at this season of the campaign. A number of times all hands got into the play well and helped the man with the ball. The team followed the ball well, and the ends were down under kicks well, but boxed badly a couple of times on Wesleyan's end runs. The defensive work of the backs was not good, but there was some iverty interference for quarter back runs. An the whole the Columbia team shows more self-reliance and finish than a year ago.

George Brooke says of Pennsylvania that

bla team shows more self-reliance and finish than a year ago.

George Brooke says of Pennsylvania that the "possibilities of making a good showing this fell are better than they have been for some years." In the West Point-Tufts game last Saturday the cadets made a small score, but not small considering the little practice they have had. They showed the same aggressive defence they always show—sharp breaking through and hard tackling. The Soldiers seem to know defensive work intuitively. They tackle Harvard a week from next Saturday. The harder the game the harder they play.

College opinion on the Columbia-Wesleyan

College opinion on the Columbia-Wesleyan game is that the Blue and White will have agood team this fall. The Columbia eleven was in noticeably better shape than the Vesleyan team. Only two of Columbia's players were forced to call for time and then only because of actual injuries. The speed the Blue and White kept up did not affect the team materially. This state of affairs is due to the ideas of Doc Payne, the new trainer. He has had his charges out for long walks and runs before breakfast and has made a careful study of each man's needs and tastes in the eating line. Columbia will meet Tufts next Wednesdy and wind up this week with Williams. An event of the Wesleyan game which passed almost unnoticed was the dis jualification of Echeverria, Columbia's left guard, in the first half for hitting Bragg. The Columbia man said Bragg began the fight and that he was just getting back when the referee saw him.

MIDDLETOWN, Conn.. Oct. 2.—The showing made by the Wesleyan team thus far is regarded by the football men as excellent. The fact that Yale was held for downs and that distance was several times made against her, while even better was done against Colum-

bia, has filled the Wesleyan men with hope. The team is light, on the whole, but fast. Most of the positions are filled by old men who, with last year's coaching by Reiter, are prepared for good work this year. North, Dearborn, Rogers, Long and Forbes are all working hard at the line and back positions. Eyester, Outhrup and Goodman promise to be faster than ever at ends. Two freshmen, Wolff and Day, show promise of good things, while there is a strong scrub.

New Haven, Oct. 2.—Ex-Captains Hinkey and Rodgers of former Yale teams, who witnessed the Trinity game, remained in New Haven over Sunday to hold a conference with Field Coach Rafferty. The fumbling of the Yale team is worrying the coaches, and they are planning to wipe out this hindrance to good team work. As a result of his good showing yesterday Tom Shevlin, end rush last year, will be continued at full back.

SWARTEMORE, Pa., Oct. 2.—The result of the game last Wednesday with Pennsylvania proves that Swarthmore is going to have an unusually strong team this year. The team that almost defeated Pennsylvania was minus the services of four of its best players. The kicking of Crowell, Swarthmore's crack quarier back, was spectacular. His punts averaged fifty yards and his drop kick from the 42-yard line was the best ever seen on Franklin Field. Maxwell at guard is a great find. He weighs 252 pounds and is very active. Millman, a 200 pound tackle, is also doing fine work. The rest of the line is intact from last year's team. In the backfield Sinclair, Coxe and Lamb seem to be fixtures.

With only two days before New York University's opening game with Amherst, the way the team will line up has yet to be decided. Several of the men seem to be fixures, but the end and back field positions are still open. Reynolds, centre: Coe and Raidiris, guards; Rellly and Miller, tackles; Hulsart, quarter, and MacDowell, right half back, are pretty sure to be in the line-up on Wednesday. At the ends Lowry, Wiley, Perry and Milholland are the most promising men. Rogge will probably play one of the backs, as he is the surest punter on the team. The other position is open, but Van Dyck, the freshman from Trinity School, seems to have first call, on the strength of his brilliant work last week. The line will average about 185 pounds and the back field 185 pounds. With only two days before New Yor

PRINCETON, N. J., Oct. 2.—The Princeton authorities are much encouraged by the showing made by the eleven in the game with the Georgetowns yesterday. Dutcher and Rafferty, who had been playing a weak defensive game, braced and played their positions well. Nevertheless, the tactics of the Princeton coaches for the next week will be to strengthen the defence, and now that Coach Hildebrand is here it is expected that he will devote considerable time to this end. Miller is again in the game after an absence of a week and will resume his place at right end. Dillon is still laid up with a splintered collarbone and probably will not get in the game for some time.

ITHACA, N. Y., Oct. 2.—On account of the injuries received in the game with Rochester yesterday, Capt. Lynah of the Cornell eleven will be forced to retire from the line-up for the next ten days or two weeks. Lynah's injuries are to his side, where he underwent an operation for appendicitis last summer. The wound has healed completely, but the shaking up that a quarter back gets in a hardfought football game has proved too much of a strain and Lynah is compelled to keep out of scrimmages and games until his injured side gets strong again. Bird will play quarter in Lynah's absence, and Halliday will be acting captain. Neither of the leams which have gone on the field in the two games played has proved satisfactory, and a general shake-up is expected.

WORK OF LOCAL TEAMS. Batting and Fielding Records of New York Nationals and Americans and Brooklyns.

Two base hits-Lumley (2), Sheckard (24), Gessler (17), Dillon (6), Babb (15), Dobbs (15), Jordan (7), McCormick (5), Bergen (), Jacklüsch (3), Ritter (3), Cronin (2), Poole (2), Batch, Mitchell.

Stolen Bases-Lumley (2e), Babb (25), McCormick (19), Sheckard (19), String (15), Ritter (18), Dobbs (18), Gessler (10), Batch (7), Jordan (6), Dillon (6), Jacklüsch (5), Jones (3), Bergen.

CROSS-COUNTRY RUNNING. Mohawk A. C. Innugurates Season With

Five Mile Run. The cross-country season was inaugurated yesterday by the members of the Mohawk A. C., who engaged in a five mile chase. It was typical cross-country weather, cool and damp, and those who turned out for the spin enjoyed it to their hearts' content. The course was from the clubhouse, at 158th street and Walton avenue, across the hill to Cedar and Walton avenue, across the hill to Cedar Park, to Tremont Park, and back. It was a scratch run and the ubiquitous "Paddy" Meyer snowed the pack the way for the first two miles. After that Chapman took a hand at the pacing, and at the turning point Bailey took the van. All the way back Bailey kept the lead, and he was first to reach the finish line, his time being 34 minutes. Others who came in close up finished in the order named: J. Chapman, H. Meyer, W. Gross, F. Brunner and J. Macksey.

WILKESBARRE, Pa., Oct. 2 .- Frank Marshall of Brooklyn met thirty-five players in two sittings of simultaneous chess here yesterday. In the afternoon he faced thirteen players, winning eleven games, losing one and drawing one. In the evening he met twenty-two players, won thirteen games, lost four and draw five.

BOSTONS PASS NEW YORKS.

LEAD BY TWO POINTS IN AMERI-CAN LEAGUE RACE.

World's Champions Shut Out the Browns, While Griffith's Men Break Even With the Chicagos-Fine Pitching and Hitting by Puttmann in Second Game.

The Bostons took the lead in the American League race yesterday. They beat St. Louis, while the New Yorks won and lost in a double header in Chicago. This gives the lead to Boston by 2 points. As Boston now goes to Chicage and New York to St. Louis, Grifto things and have a fairly good chance of re-gaining the lead before they come home. The New Yorks and Chicagos broke even in their last series, but the White Sox won the season's series, twelve games to ten. Yesterday's results:

Chicago, 7; New York, 1-First Game. New York, 6; Chicago, 3—Second Game. Boston, 2; St. Louis, 0.

CHICAGO (A. L.), 7; NEW YORK (A. L.), 1-FIRST CHICAGO, Oct. 2.—New York and Chicago broken even to-day before a crowd which thronged the field to the very base lines. Dr. White essayed to pitch both games for Chicago and did well in the first, but was pounded hard in the second. In the first game the teams worked along on even terms until the sixth inning, when the Sox pounded Powell savagely and won hands down. Hits by Callahan, Sullivan, Tannehill and Isbell, with a pass to Davis, netted four runs. In the seventh Callahan singled, Davis walked, a double steal was worked and both men scored on a drive by Tannehill. New York could do nothing with White and gave him little trouble after the first inning. The score:

s. Ompires—Sherman and Contony. This hours and 8 minutes.

NEW TORK (A. L.), 6; CHICAGO (A. L.), 3—

SECOND GAME.

Puttmann, after the first inning, pitched great ball for New York in the second game, while Whitewent to pieces and was hit hard in the fourth and fifth. Walsh succeeded him and was being pounded flercely when darkness ended the game. Conroy was put out for jawing the umpire, and Kleinow played good ball at third in his place. Puttmann did some great hitting as well as good pitching. He made three successive safeties, and had hit for a fourth when the call of time threw out the eighth inning and deprived Puttmann of his time at bat. The score:

OKICAGO.

More Honors for the "Ford"

The above telegram came to us Saturday from the manager

KULICK IS VICTOR AT AUTO RACE MEET

Chicago, Sept. 30 .- Driver Frank Kulick, f Detroit, easily secured first honors at the opening session of the Chicago Automobile Club race meeting held at the Harlem track to-day. The Detroit man won every race he entered except the sixth event, in which he was unable to overcome a handcap of 7 minutes and 80 seconds.

The track was slow and record time was impossible. The fastest mile shown by the digures of the official timers was made by Kulick in 1:04 1.5 in the last lap of the third event. One thousand people saw the races.

best actual running time.

of our Automobile Store. The "Ford" referred to is a 20-horse-power, improvised out of two of the stock two-cylinder motors used in the \$800 Ford Car -(\$900 with tonneau).

In the fourth race, for five miles, referred to in the newspaper clipping we reproduce here, the "Ford" ran away from a sixty horse-power racer; and in the sixth race, a ten-mile handicap, it made the

We have four Second-hand Ford Cars, latest style, in good condition, to sell for \$600 each.

The Ford Cars are sold in New York by John Wanamaker.

JOHN WANAMAKER Formerly A. T. Stewart & Co., Broadway, 4th ave., 9th and 10th sts.

AUTOMOBILES.

FARM MANAGER or superintendent on gentle-man's place, competent to take full charge, wants position; first-class references. W. MARTIN, Great Neck, L. I.

Cornell Crew Captaincy No Longer Desired

ITHACA, N. Y., Oct. 2.—C. E. Boesch, '05, of Washington D. C., who yesterday was elected captain of the Cornell 'varsity crew, resigned his office to-day, and another election will have to be held. The captain is usually selected by the crew upon their way home from Poughkeepsie in June, but this was not from Poughkeepsie in June, but this was not done last June year for some reason. Now the honor goes begging, and when the reason for this is asked every one thinks of the fact that for the last two years the captain of the Cornell crew has lost his seat in the shell before the race at Poughkeepie is rowed. It seems that Boes ch fears that he would fare likewise should he accept the captaincy.

HORSES AND CARRIAGES.

Says The Heraid:
"Macy's harness department is one of the few places where the genuine Burleigh horse blankets can be obtained in New York. These blankets are waterproof as well as very warm, and they are in high favor among truckmen and all who work horses in all sorts of rough weather. More than one hundred bales a year are sold at Macy's."

We handle our Harness interests breadly and can supply every requisite for the rider and driver FOR LESS MONEY THAN ANY OTHER STORE. TURF.
